BUILDING MAINTENANCE

Delivering excellence through service

ABOUT US:

Cleanways Services was founded in 1971 with the single overriding goal of becoming one of the foremost Building Maintenance Companies in Ireland.

Since the early days of our company we have a strong track record in combining engineering expertise with technical services and project management best practices, making us a leading provider of building maintenance services which enhances Irelands Built Environment.

We specialise in the provision of electrical, mechanical and building technologies. This enables us to provide the contracting expertise to deliver operational and maintenance services which assist our customers to operate their facilities to a world class standard. We currently service customers at many locations spread throughout the entire island of Ireland.

OUR VISION:

Cleanways Services is a dynamic and customer focused company. We have built our reputation through delivering a high quality reliable service at competitive prices. In everything we undertake we are proactive in addressing the needs of our customers and committed to meeting their specific objectives. This is reflected through our professional approach to reduce reactive calls and increase the life cycle of our clients assets.

We are committed to:

- Traditional values of quality work and on time delivery
- To perform for our customers to the highest level giving a high quality service to ensure long term satisfaction.
- Working collaboratively with clients & developing long term sustainable relationships.
- Continual staff development and training
- Maintaining high standards of Health & Safety at all times in every area within our responsibility
